Activity Centre

Our new SmallWall Activity Centre is the perfect solution created specifically for schools, communities and clubs to aid in the development of Fundamental Movement Skills. The compact design means it can be installed easily on any surface. While designed to encourage participation and develop a range of fundamental movements our activity centre can also be used as a zone for fun and games making it the ultimate teammate. With the addition of our online information the SmallWall Activity Centre is suitable for all ages and abilities and is the perfect platform to develop Fundamental Movements for your sport of choice.
