

SmallWall®

SMALLWALL
THE ULTIMATE TEAMMATE

Our SmallWalls comes in 3 sizes large, medium and small. Its registered design is unique in the sense that it has 180-degree adjustability which can be manoeuvred easily to suit all ages and skill levels as well as multiple sports. The SmallWalls can be used in many ways allowing the end user multiple options in developing their fundamental movements. The SmallWalls can be used in drill set-ups with targets, high jumps and even with other size SmallWalls to increase difficulty making the tasks more challenging. The SmallWalls come with the option of an anchor bracket to permanently fix but at the same time rotates 360 degrees, have a look at our videos on www.smallwall.ie for info on the many ways the SmallWall can be used. These products are manufactured from all-weather materials and powder coated in Black as standard. The High Jump is suitable for the following Fundamental Movements

Catch

Jump

Run

Kick

Walk

Strike

Agility
